STUDENTS, PLEASE: Your foremen would like to know how much longer you will be available for work. If you are planning to quit sometime this fall, please go at once to the office in the department in which you are working and name the last day on which you'll be available. If you are not regularly scheduled, please leave the information at the men's or women's personnel offices. When you are ready to quit, be sure you pick up a quit slip at the personnel office so that the record of your summer's work will be properly concluded.
